# Interstellar Migration Human Experience Eric Jones

**human factors issues for interstellar spacecraft** - human factors issues for interstellar spacecraft marc m. cohen and adam r. brody 2 1991 abstract the prospect of interstellar travel challenges many of the common assumptions about long duration manned spaceflight, raising significant issues about how human factors **the journal of the british interplanetary society** - the journal of the british interplanetary society jbis interstellar collection archive between 1974 and 1991 jbis published the famous red cover issues of the journal. edited by g.v. groves, j.r. hardy and a.r. martin at different stages throughout this period these special **the fusion fuel resource base in our solar system** - [1] w.k. hartman, "the resource base in our solar system", in b.r. finney and e.m. jones (eds.), interstellar migration and the human experience (proceedings of the conference on interstellar migration held at los alamos in may 1983), univ. of calif. press, berkeley, p.26-41, 1985. **we are the universe trying to understand itself - tviv** - "interstellar migration" workshop at los alamos. the latter two generated quite remarkable proceedings, one edited by carl sagan (communication with extraterrestrial intelligence, 1973), the other by finney & jones (interstellar migration and the human experience, 1985). not as much of **articles life-centered ethics, and the human future in space** - articles life-centered ethics, and the human future in space michael n. mautner keywords bioethics, life-centered ethics, biotic ethics, panbiotic ethics, genetic engineering, biophilia, life in space, astroethics abstract ... in interstellar migration and human experience, b. r. finney **rosette gazette - rose city astronomers (rca)** - because the increasing ease of space access, a generation and a half of human familiarity with traveling to space and living there, and the astounding discovery of thousands of exoplanets have all made thoughts of space colonization and even interstellar migration somewhat less outlandish than in the past. (continued on page 2) **paper session i-a - human factors issues for interstellar ...** - human factors issues for interstellar spacecraft at the opposite extreme of the spectrum interstellar travel possibilities, relativistic round trip seems equally unrealistic as a millennial space ark. this unfeasibility is not just because of the formidable propulsion problem, that no system now **human exploration of the solar system as a precursor to ...** - human exploration of the solar system as a precursor to interstellar travel: outlook and realities ralph l. mc nutt, jr.\* johns hopkins university applied physics laboratory, laurel, md, usa abstract technical speculation about the possibilities of space travel began with konstantin e. tsiolkovsky at the **the interstellar conspiracy - nasa** - the interstellar conspiracy les johnson gregory l. matloff, ph.d. what if... if we were designing a human-carrying starship that could be launched in the not- too-distant future, it would almost certainly not use a warp drive to instantaneously bounce around the universe, as is done in isaac asimov's classic foundation series or in **paper session ii-c - the role of advanced nuclear ...** - joseph a. angelo, jr. ph.d. and david buden, "paper session ii-c - the role of advanced nuclear propulsion systems in precursor interstellar missions" (april 22, 1992). the space congress® proceedings. **richard b. lee human colonization: !kung san, greeks, and ...** - ference on interstellar migration have encouraged the social scientists to rein in the space scientists and ground them in the social and historical realities. taking them at their word, i will focus on two topics commonly left out of the space scientists' equations: human history is one, the other is human behavior. **polynesian civilization and the future colonization of space** - similar to that sometimes described as necessary for humanity's interstellar migration into space. over thousands of years and miles, across open ocean, a core population expanded to settle on hundreds of scattered islands, while maintaining shared identity, continued awareness and repetitive contact with each other. key to their expansion **n93-/g863 - nasa** - the human person. the editors of interstellar migration and the human experience remind us that "migration into space may be a revolutionary step for humanity, but it is one that represents a continuity with our past" (finney and jones 1985). space planners can benefit immensely by utilizing the data base and insights of behavioral
